- *2016 This year we do not have the sponsors who were terminated and reporting meals which lowered our numbers, but it did reflect actual meals, not inflated numbers as before for meals not really being served.
- There were budget cuts for schools that did not come out until May, causing several schools to back out that had planned on serving SFSP.
- Choctaw Nation paid for several of the smaller schools in Eastern Oklahoma's summer school, so they could afford to do the SFSP but numbers were still down.
